This proposed revision initiated by the Office of Logistics, is forwarded for approval. The regulation has been revised extensively to update Agency policy on the use of Government-owned and privately owned vehicles at headquarters and domestic field installations. It also provides overall guidance concerning vehicles at overseas installations.

This proposal is being sent for DDCI approval because it includes providing home-to-office travel at official expense for Chiefs of Station and Chiefs of Base at qualifying posts as designated by the DCI and DDCI. The statutory authority for this regulation exists in Section 8(a)(1) of the CIA Act of 1949 and, therefore, a review by the Intelligence Committees is not deemed necessary.

The proposal was circulated to the following for coordination and comment:

Executive Director  
Deputy Director for Intelligence  
Deputy Director for Operations  
Deputy Director for Science and Technology  
General Counsel  
Inspector General  
Comptroller  
DDA offices: OC, OF, CMS, OS, and OIS.

The Office of General Counsel has provided legal concurrence. RCD considers no further coordination necessary.
